No.: EGov-04/61/2024-e-Gov-MCA

Public Notice Issued in Compliance to CVC Circular No. 04/04/21 dtd 6.4.2021

Competent Authority approved the issuance of work order to M/s LTIM on nomination/ single source basis in terms of Rule 194 of GFR, 2017 for:

(i) Shifting of Kolkata Office (ROC/RD/OL Kolkata) office from old premises to new premises (which is situated at Newly Constructed Corporate Bhawan New Town Rajarhat Kolkata); and

(ii) Shifting of ROC Kanpur office from old premises to new premises (which is situated at 2nd Floor, GPO Complex, Fazalganj, Kanpur);

involving IT asset movement, Server Room setup, Cable testing, end to end setup etc.,.

Brief Reason for issuing work order under Rule 194:

Shifting of IT infrastructure at both the locations involve uninstalling, decommissioning of IT infrastructure including Servers, systems, Network equipment of MCA21 project and their re-installation, commissioning and testing at the new location. Further, these services require the expertise and use of proprietary techniques of the service provider of MCA21 ie. LTIM. Assigning the said works to the existing service provider would also address the concerns of data and network security
